

# JESSICA

On the 9th of September, Jessica one of the pupils of our school in group 6, has passed away. The lose of Jessica was felt very much in school. In school we had a place with flowers and candles burning. There was a beautiful photo of Jessica and you could write something about her of to her in a book with coloured papers. 14 and 15 September everyone was invited to offer your condolences in church where Jessica was laid in state.

All the groups in school had made butterflies of paper and other materials. All these butterflies were placed around her.

On the day she was buried we walked out of the church behind the white open carriage to the cemetery.

We still miss Jessica every day.

Last week we planted flowerbulbs and a Butterfly Bush (Buddlejaceae) as a remembrance to Jessica
