Trip to Canada !

Hello, we are in year 5 in Alfred de Musset primary school and have a fantastic plan this year. In may we will all go to Canada in the area of Québec to discover the land and observe whales.

We will also learn how Indians used to live . We feel closer to the local people since we have started to correpond with a canadian group of students we planed to meet.

Here are some pictures which will be used to illustrate our copybook where we will report all our discoveries.
